Touch your thighs, I'm the lonely one
Remember that lass, because that was the right one
Oh, all your mysteries are moving in the sun
And show some love and respect
Wanna get some love and respect
Baby you can see that the gazing eye won't lie
Don't give up your lover tonight
Cause it's just you, me and this fire, alright
Let's tend to the engine tonight

Oh

She found a lonely sound
She keeps on waiting for time out there
Oh love, can you love me babe
Love, is this loving babe
Is time turning around

Feast your eyes, I'm the only one
Control me, console me
Cause that's just how it should be done
Oh, all your history's like fire from a busted gun
Now show some love and respect

Don't wanna get a life of regret

But baby you can see that the gazing eye won't lie
Don't give up your lover tonight

She found a lonely sound
She keeps on waiting for time out there
Oh love, can you love me babe
Love, is this loving babe
Is time turning around

He slips into the bedroom
And you know he misses alright
Old names, we'll make sweet
Will sustain us through the night
Inside my bedroom baby
Touch me, oh tonight
Promises, we'll make some

Will reveal our sense of right

You should be in my space

You should be in my life

You should be in my space

You should be in my life

You could be in my space
