You can't hold it too tight  
These matters of security  
You don't have to be wound, so tight  
Smoking on the balcony

But it's that sleaze in the park  
And women, you have no self-control  
The angels remark outside  
You were known for insatiable needs  
I don't know a thing

I've seen love  
And I follow the speed of starlight  
I've seen love  
And I follow the speed in the star swept night  
Yeah, pace is the trick

And to all the destruction in them  
Well, I see you as you take your pride, my lioness  
Your defenses seem wise, I cannot press  
And attentions are demised, my lioness  
Can't you hurt it some, think I heard it

I've seen love  
And I follow the speed of starlight  
I've seen love  
And I follow the speed in the star swept night

And now I select you, slow now I let you  
See how I stun, see how I stun  
Now I select you, slow now I bet you  
See how I stun, see how I stun

And to all the destruction in man  
And to all the corruption in my hand

And now I select you, slow now I let you  
See how I stun, see how I stun  
Now I select you, slow now I bet you  
See how I stun, see how I stun

Now I select you, slow now I let you

See how I stun, see how I stun  
Now I select you, slow now I let you  
I'll always follow the speed in the star swept night

You don't hold a candle  
You don't hold a candle  
You don't hold a candle
