I'm not the hero out the gate  
So much to feel, so much to gain  
My higher reason will take pain  
I'll be okay, I've got my shapes  
We are not alone, we share our stake  
And I think the winds all will be wonderful

I am safe without it  
I am safe without it  
I am safe without

Go alone, we'll spread the chase  
To all the roller coaster way  
There's no allegiance left to take  
These great big sheets disintegrate  
You know water, you know water

I am safe without it

I am safe without it  
I am safe without

I am safe without it  
I am safe without it  
I am safe without  
I am safe without it  
I am safe without it

But I feel all this way  
Leaning on this way  
As heel I heal  
I'll do it again  
Over and over and over and over
