It's way too late
To be this locked inside ourselves
The trouble is
That you're in love with someone else
It should be me
It should be me

The sacred parts
Your get aways
You come along
On summerdays
Tenderly
Tastefully

This is how it goes, dear
Running through my life
This is how it goes dear

Yesterday
You know exactly how I feel
I had my doubts little girl
Our love was something real
It could be me
That's changing

This is how it goes, dear
Running through my life
This is how it goes, dear
Waiting for my wife

Wanna hold you like a dove
I know a toast should be raised
Gonna hold you like a dove
A dove is raised
Oh how I love you

Oh in the evenings
When we are sleeping
We are sleeping
We are sleeping

This is how it goes dear

Running through my life
This is how it gets dear
Waiting for my wife

Love me now
I'll hold you like a dove
I know a toast should be raised
Hold you like a dove
Our love is raised
Our love is raised
Our love is raised
Our love is raised

Version 2:
It's way too late
To be this locked inside ourselves
The trouble is
That you're in love with someone else
It should be me
It should be me

The sacred parts
Your get aways
You come along
On summerdays
Tenderly
Tastefully

It's right there, it's right there.
Tell eternal life's patient; it's right there
So why care?

Yesterday
You know exactly how I feel
I had my doubts little girl
Our love was something real
It could be me
That's changing

It's right there, it's right there.
Tell eternal life's patient
It's right there, it's right there.
Says your friend; assurance is the word

Wanna hold you like a dove
I know a toast should be raised
Gonna hold you like a dove
A dove is raised
Oh, how I love you

Oh, in the evenings

When we are sleeping
We are sleeping
We are sleeping

It's right there, it's right there
Tell eternal life's patient
It's right there, it's right there
Take it, assurance is the word.

Love me now, I'll hold you like a dove
I know a toast should be raised
Hold you live a dove
A dove is raised
A dove is raised
A dove is raised

Version 3:

It's way too late
To be this locked inside ourselves
The trouble is
That you're in love with someone else
It should be me
It should be me

The sacred parts
Your get aways
You come along
On summerdays
Tenderly
Tastefully

The coma in your heart's telling lies, baby
Things change, my darling, we'll glide on air
Asking you to open your eyes.

You said today
You know exactly how I feel
I had my doubts little girl
Our love was something real
It could be me
That's changing

The coma in your heart's telling lies, baby
Things change, my darling we'll glide on air
I'm asking you to open your eyes, baby
Sugar and your smiling at the word

Love me now
I wanna hold you like a dove
I know a toast should be raised

I wanna hold you like a dove
Our love is raised

Oh, how I love you
Oh in the evenings
When we are sleeping
We are sleeping
We are sleeping

The coma in your heart's telling lies, baby
Things change, my darling and we'll glide on air
I'm asking you to open your eyes, baby
Sugar in your smiling at the word

Love me now
I wanna hold you like a dove
I know a toast should be raised
Hold you like a dove
Our love is raised
Our love is raised
Our love is raised
Our love is raised
