

Interpol "Summer Well"

Feel the plastics that seal your body,
They won't stop this way.
They pay.

I was your eye in the night when the prophets fell,
I said, \"it looks like you summer well.\\\"

I want to stay in Mexico (?),
I want to stay young.
I want to feel up on your life,
I've missed you,
It looks like you've summered well.

All the while, the protests have shined the same.
You will never have noticed,
It's all right.

I rely on a process, don't mind the flame,
They'll never take it.
This tree from me.

It's over
(backing vocals)
It's over
It's all the way behind us
It's over

I've missed you babe,
I want you back.
The signs you gave.
Weren't those signs supposed to last?

The rainy days,
the summer spent,
The signs you gave.
What was that?

We had things that made the seasons touch these
hearts.

So let me take this cover your ??? away,
See your face.

All the while, the protests have shined the same.
You will never have noticed,
It's all right.

I rely on a process, don't mind the flame,
They'll never take it.
This tree from me.

It's all right.
(backing)
It's all right.
(backing)
Send me.
It's all right.
