[music and lyrics: Costea]

In yours arms I breathe your breath  
I taste your sweet drops of sweat,  
The universe will stop now for your kiss  
And nature slows it's rhythm like this...

Be gone, demon,  
I ease your pain,  
Go away and never turn around  
Drown in my sea of tears without a sound.

I feel the touch of madness running through my vein  
Like the venom of your tongue,  
Make a bigger unit of measure  
And I'll give you a drawing of my pain,  
Have a little moment of silence,  
So I can take a sample of your brain.

In your arms I touch you and I sigh,  
I press my lips on yours... I taste the lie  
Your blood is cold by now, you've served my last  
command,  
Your eyes are cold as the blade falling from my hand.
