Do you feel cleansed?
When you see wrong done
But it's not with you?
So relieved, orgasmic ego

Psychopathic vicarious
Blindfolded with wide open eyes
Look at me you'll see
An opportunity pawn denied

Think you can fool everyone
You probably do
That's the play we'll act for life
And I just won't do my share

Fear of death
Antibiotics despair
The demise can wait
And will wait

Since you have all

To dust we'll disappear
Since power can't buy the time flow
No matter how deep the trenches are
Poor men's nails are bound to climb and peel

If you had nothing
It's pleasure enough to steal
And buy their children for veal

[Lead: Vilela]
[Lead: Mafra]

You'll have the votes
Canonized at the end
In a high altar lie
Climb the truth that you bent

But every little crap
That's left behind

Gets disgusting and choking
And will reach you sometime

The truth doesn't cease to exist
It's just waiting to arise
The truth doesn't give up
Just waits for the fire

Do you feel cleansed?
