Big science
Big science

I'm training to get ready for the role I've been cast
I'm waiting for my signal when the rockets will blast
We still need the heroes who can take to the sky
Let's count down to zero then off we fly

Kings of tomorrow
Crashing the gates
When you follow the arrow
You'll be sealing our fate
Kings of tomorrow
This is your chance
You can beg, steal or borrow
But tonight it's your dance

Big science

I'm finding the resistance as I've been there recurred
I'm keeping the subsistence in my shooting preserve
'Cause we still need the heroes who can take to the sky
So let's count down to zero and then off we fly

Kings of tomorrow
Crashing the gates
When you follow the arrow
You'll be sealing our fate
Kings of tomorrow
This is your chance
You can beg, steal or borrow
But tonight it's your dance

Imagine of the moment
The particle of hoorayed
It's an article of fashion
It's the passion of the crusade
We've been waiting for the heroes who can fly across
the sky
We've been counting down to zero and then off we fly

Big science

Big science

Kings of tomorrow
Crashing the gates
When you follow the arrow
You'll be sealing our fate
Kings of tomorrow
This is your chance
You can beg, steal or borrow
But tonight it's your dance

Keep follow arrows then you seal our fate
When you follow arrows then you'll seal our fate

Kings of tomorrow
This is your chance
You can beg, steal or borrow
But tonight it's your dance
