So long my friend
I'll never find you there
Too late for never you separate
On my own two feet golden held with locks
Holding on my friends are far too deep
What use to be... but I'll be there for a while
I'm on my way
I'm on my way
I see seven shades of grey today
It's too late for me ohh!
It's too late for me...
A faceless tragedy I recall with open hands
But this outlet seems too thin
I try to reach you with your seven shades of grey

It's too late for me ohh!
It's too late for me ohh!
It's too late
It's too late...
So long my friend
I'll never find you there
Too late for never you separate
So long my friend
So long my friend
So long
So long
So long
It's too late for me ohh!
It's too late for me ohh!
It's too late
FOR ME!

It's too late for me ohh
