The night is full of torment  
And lives are torn to shreds  
You want your correspondent  
With cameras infrared  
I'm tied to my debenture  
Addicted to the rush  
The thrill of the adventure

They have come to crown a hero  
They've been waiting for the sign  
But I won't apply, I'm not the guy

I have crossed a thousand rivers  
I have walked the streets of gold  
I have been through Hell and Heaven  
Where my soul was bought and sold  
I have stormed the Himalayas  
Blown the horn of Africa  
But as long I live I long to see  
I long to be to stay with you again  
Stay with you again  
Stay with you again  
To stay with you again

The tragedy is magic  
Constructed and destroyed  
It's human, all too human  
How I've searched to fill the void

They have come to crown a hero  
They've been waiting for the sign  
But I won't apply, I'm not the guy

I have crossed a thousand rivers  
I have walked the streets of gold  
I have been through Hell and Heaven  
Where my soul was bought and sold  
I have stormed the Himalayas  
Blown the horn of Africa  
But as long I live I long to see  
I long to be to stay with you again  
Stay with you again

Stay with you again  
To stay with you again

I have crossed a thousand rivers  
I have walked the streets of gold  
I have been through Hell and Heaven  
Where my soul was bought and sold  
I have stormed the Himalayas  
Blown the horn of Africa  
But as long I live I long to see  
I long to be to stay with you again  
Stay with you again  
Stay with you again  
To stay with you again
