Oh
I've gained a conviction
A love's an addiction
That can't be cured
What's wrong with devotion
We cross a commotion
Of pride secure

Tonight we acquire
A burning desire
This house is on fire
A love crusade
We're walking at night
We're dancing in sight
In Malibu rain

Oh
The bells of freedom
The bells of freedom
They're gonna be ringing
The love that I'm bringing
Is love for all

Oh
The bells of freedom
The bells of freedom
They're gonna be ringing
The love that I'm bringing
Is love for all

Oh
Your presence's forbidden
This love has been hitting
For much too long
In your liberation
I've found celebration
You make me strong

Tonight we acquire
A burning desire
This house is on fire
A love crusade

We're walking at night
We're dancing in sight
In Malibu rain

Oh
The bells of freedom
The bells of freedom
They're gonna be ringing
The love that I'm bringing
Is love for all

Oh
The bells of freedom
The bells of freedom
They're gonna be ringing
The love that I'm bringing
Is love for all

Oh
The bells of freedom
The bells of freedom
They're gonna be ringing
The love that I'm bringing
Is love for all

Oh
The bells of freedom
The bells of freedom
They're gonna be ringing
The love that I'm bringing
Is love for all

Oh
The bells of freedom
The bells of freedom
They're gonna be ringing
The love that I'm bringing
Is love for all

Oh
The bells of freedom
The bells of freedom
They're gonna be ringing
The love that I'm bringing
Is love for all
