

Intestine Baalism **"The Genuine Tone"**

Visit "[The Genuine Tone](#)" on MotoLyrics.com

An aria echoes like a wolf's howl
Growing rising it leads itself to ecstatic madness
The genuine tone of the name with a great power
Strong words backed by our will

Reverse of the creating process
Everything constructed shall be destroyed
Space destruction
It'll be done

An extraordinary psychic excitement rises up
The self-hypnosis effect is increasing
Occult intelligence wakes up
The name of genuine devil

Vibration, it affects everything it touches
Free the force that controls anything in the universe
Inside the magic square various names vibrate
The force called up is ejected into the universe
