Once, I ran into the sun,  
I must have known  
That you were not the one.  
Come, and see the sorry one,  
He has come home,  
Say hello to everyone.  
Say hello to everyone.

Shunned, you place with those among  
The weaker link, the made for moving on.  
Done, before we had begun.  
We look, we take.  
We belong to everyone.  
We belong to everyone.

Love, inside of everyone,  
It eats away. What have you become?  
None, should be before your love.  
None go beyond.  
None should be above,  
None before your love.

(3x) What do you want from me?!

(3x) What do you want from me?!  
10 minutes
