"Abort / Retry"

An attempt was made, eager to explore,
Meaningless belief, in this year of our lord.
I'm not scared of what lies behind the veil.
We have to abort/retry, or ignore and fail!

We may find our way just yet,
We may fail again.
It could be the simplest...solution.

Psalms of apathy, sing to me amore.
Add hue, inanimate, unheard before.
I'll not dare take steps to your praise.
I've tried, now I wash my hands of you and your ways!

We may find our way just yet,
We may fail again.
It could be as simple as...illusion.

How many times, how many times have I,
Believed the lie, repeated the lie?

Jesus Christ!!!

He blessed you, then left you...
Aborted and alone.
