Immedicable  
Irreversible  
Lash out  
Face my fears they're right before me  
Rage envelops this state of mind

Malignancy  
Why is this happening to me?  
Spreading slowly  
The pain is just too hard to take  
Fate eternal  
Eventual

Fade away into the dark of the night  
Soon I'll never feel the sun upon my page  
Lift away this burden that plagues me  
Indignation

I will die

Substance to escape what's started  
Accepting this corruption  
Feeling so alone and helpless  
Curse unforeseen  
Eradication  
False acception  
Reach out but let down  
There's nothing for me  
Life is nothing to me anymore

Fade away into the dark of the night  
Soon I'll never feel the sun upon my page  
Lift away this burden that plagues me  
Indignation

Malignancy  
Why is this happening to me?  
Spreading slowly  
The pain is just too hard to take

Fade away into the dark of the night  
Soon I'll never feel the sun upon my page

Lift away this burden that plagues me  
Indignation
