I raise my hand cause  
I've got another question  
Teacher can you tell me  
Why the cops harass me  
When I only wanted their protection

Why do I have to work for the rest of my life  
Face to the grind at a job i never liked  
Who created this convention

[Chorus]  
Take it all back, turn it around  
The medium is the message  
And it's more than just  
Sound.

Take it all back, turn it around

I raise my hand cause I'm still confused  
Never understood why we still make use  
Of a system that's founded upon greed

You can explain away but I can't believe  
I'll never agree with the way that you see  
Cause it's leaving people sleeping in the streets

[Chorus]

Winds of change are blowing  
Harder than you've ever seen before  
They're pushing and they're pulling  
Straight to the company door  
It's like a blank page under white light  
The contrast is so high it's like day versus night  
It's so easy to follow when it's all so clear  
Outline is set and the deadline is here

[Chorus]
