"Line To Heaven"

Visit "[Line To Heaven](#)" on MotoLyrics.com

Heaven knows IÂ've done no wrong
I only want to sing this song to you
Why did it have to end this way
Only a fool like me could say to you thatÂ...

Chorus

If I ever had a line to heaven I swear
IÂ'd call you there
And if I ever had a line to heaven I swear
IÂ'll be there tonight.

Now where would I be without you now
I have to make it through this life somehow

Only time will tell me so
All the things I need to know somehow.

Repeat Chorus except last word

Bridge

How do I find the answers
All the questions IÂ've been hiding inside
And all the fun and the laughters
We shared all have to stand beside.

Repeat Chorus 2x
