Look into my eyes  
And see the emptiness within  
Iâ€™m looking at you like a prize  
The kind Iâ€™d like to win.

Refrain 1  
And though youâ€™ve never asked me  
Just what you mean to me  
I have known you for so long  
My feelings canâ€™t be wrong.

Chorus  
More, more than a friend  
Thatâ€™s what you will always be to me  
I will no longer pretend  
Thereâ€™s another side of me for you to see.

While everyoneâ€™s asleep

I lie awake tonight  
I wish I had your photograph  
Somewhere within my sight.

Refrain 2  
I want you to be near me  
Be the apple of my eye  
Remove this doubt that burdens me  
Say thereâ€™s no other guy.

Repeat Chorus

Ad lib

Repeat Refrain 1  
Repeat Chorus 2x

Thereâ€™s another side of me for you to see  
Thereâ€™s another side of me for you to see.
