Everybody else let it go
They would try to understand

Oh, not him, no, not him, no, not him, no

Leave him by, God's lies
Staying yourself, not easy

Oh, not him, no, not him, no, not him, no

Looking in the mirror
Scared of what he sees
Looking at their children
Scared of what they'll be
Looking at himself
Scared of what they'll say
Scared of what they'll say

Obituary of a man
Not like you and me
It's a life of another man
Stumble in me
Obituary of a man
Not like you and me
Not like him

As we all cry
Oh, just to survive
He smiles
'Cause he never cared, no no
Although he's said he followed through
Let it all go

Looking in the mirror
Scared of what he sees
Looking at their children
Scared of what they'll be
Looking at himself
Scared of what they'll see
Scared of what they'll say

Scared of what they'll say
Scared of what they'll say
