Thin Ice

Talkin to myself
Said he was dead again
Don't wanna loose what I've earned
Cause I felt i was a long way through

Memories silently crying at night
can earnest live
Or there lost this other words
Never cared for that little girl

As she walks across thin ice
She thinks for a while don't have a life
See now god has let her down
She takes a last breath and drives you round

People gather round
on a day she wasn't found
No one knew and they smiled
Because thought she'd be back in a while

But their wrong, so wrong
Cause now she's gone
For good, she stayed, far away
You should let her run away, run away tonight
Run away, run away tonight
Let her go, oh-oh let her go, oh-oh,
Let her go

As she walks across thin ice
She thinks for a while don't have a life.
See now god has let her down
She takes a last breath and drives you round
She's sick of all of this
Give the world, a goodbye kiss

Now the book is finally done
And all our memories are gone
Are gone, are gone

Ohohoo
Ohohoo
Ohohoo
Ohohoo
Ohohoo
Ohohoo
Ohohoo
Ooohhh!!!! Oh no, Oh no, yeah!!!!!!!
