Met you a long time ago  
I remember your face  
You were trying to make it in  
Wasn't your time or your place

You make it in for sure  
You got in my head, I know  
This is a dream,  
I don't want to go  
I don't want to go

As I set down beside you on the floor  
I imagined the taste  
This is so much scarier than before,  
Scary and a beautiful place

You make it be for sure  
You won't get ahead, I know  
This isn't a dream, I won't have to go  
I won't have to go

Never wake up with you by my side  
Making me good, making me feel alive  
Give in to this, and I will be your guy  
Won't need you masking, you won't have to hide  
Won't have to hide  
Won't have to hide  
Won't have to hide

Shout it all, shout it all  
This says it all, I'm standing off

Never wake up with you by my side  
Making me good, making me feel alive  
Give in to this, and I will be your guy  
Won't need you masking, you won't have to hide  
Won't have to hide  
Won't have to hide  
Won't have to hide  
Won't have to hide  
Won't have to hide

Won't have to hideâ€¦
