Try to find myself seems a hopeless case  
I'd rather just give in to all there is to taste  
Seems like all the done has been written down in ink  
That can never be erased  
What I did I know ye wish ye didn't do  
Cause all the wrong ye did it tends to stick with you  
Just regret never change nothing yet  
Ye can't repay that debt until ye change ye dutty step  
I know my mind is set changing wrong to right  
Though I tried my best it leaves me sleepless nights  
But I know it's real, what I do is real  
I can't help it's real no I can't help it's real  
Though it fills me with regret 'n makes me wish we  
never met  
'N I can somehow change my bet, maybe it's best that I  
forget  
Try to find my way back home soon  
Lately I've been thinking hard, wish I acted from the  
heart  
Played another part, give a fresh start  
But that would be surreal, that can not be real  
The wrong end of the deal, that would be unreal  
My heart would never agree, not to be here if it wasn't  
me  
Another thinking came for free, except my wrongs  
That part of me, was forgotten history
