You know you're welcome to stay my friend  
Didn't you know it was all so much pretending to like it,  
A smile so fake  
So I don't notice so long,  
For goodness sake  
For goodness sake

You're so troubled you've had enough  
Lookin' for something to hold on to instead  
Your cup was empty, you filled it up

You drown your sorrows all off  
For goodness sake  
For goodness sake  
You have no faith  
For goodness sake

And change is the only way to pretend  
Of this race, it's so cold you have no friend  
Of this place, it's so lonely  
And their faces are only  
What you raped with a smile  
'Cause god's a fake  
For goodness sake  
For goodness sake  
For goodness sake

For goodness sake  
For goodness sake  
For goodness sake  
For goodness
