There's nothing we can say  
To make the hunger for a better life go away  
Just waiting for a chance  
To run away some how and never look back

Do you remember you were young and so naive  
Nothing harm and everything was like a dream  
Just remember you will find out how it feels  
To have a secret way out

Secret way out  
Secret way out  
Secret  
Secret  
Secret

Oh nothings been the same  
Cause all the memorys  
Of the thoughts we shared to remain  
Ooh something to get us trough oooh  
And make the feeling of this better life  
Go away

Do you remember you were young and so naive  
Nothing harm and everything was like a dream  
Just remember you will find out how it feels

To have a secret way out  
Secret way out  
Secret  
Secret  
Secret  
To let you go

You just wanted to stay  
To let you go
