"Blood"

Iâ€™m driving in my car
Suddenly I hear the sirenes
There where this blue-red light like flashes in my eyes
There where this screams like thunder in my ears-
And I think to myself they become dogs
When they smell blood.

Ref:

I can see it - itâ€™s blood
I can feel it - all is full of blood
I can smell it - itâ€™s blood
I can hear it - all is full of blood

Iâ€™m walking in my town - just looking around
I saw their baldy heads - I hate baldy heads
I can see their faces-hate against all races
And I think to myself they become dogs
When they smell blood.

Ref. 2 X
