Whore spread your legs
Bitch now obey
Feed absurd desires
Nihilistic view of perversion

Naked as you are, I lewd upon your flesh
Blood drips from the womb
Fistfucked, I cum, abused
Breeding impure deeds
Birth of the obscene
Vomit piss and shit in your face

Incestuous pig
Pick up your teeth

With broken fingers
Laid upon (filth)

Exaggerated lust
Submit to passivity
Lechery engulfed
Lovesick manic bitch
Fucked with razors
Feast upon greed
Compulsive degradation to the extreme

Whore spread your legs
Bitch now obey
Feed absurd desires
Nihilistic view of extremity
