"Sex With Death"

A thought enters
The flesh deceives
She's hurt, crying
As she goes down on her knees
It's a smokescreen
The false erotic terrorizes
Broken
And alone in mourning
She knew it was a lie
But now
Her innocence is sucked away

Morning daylight brings
A sorrowful reality
He went in, took from her
Pleased her to fill his void
Broken
And alone in mourning
She knew it was a lie
But now
Her innocence is sucked away
She feels nothing but these lies
Sex with death
This monster now is laughing
This body, the house
For sex now dead

She embraces her next partner
Deep inside she dies
Kisses her life goodbye
Sex with death
Sex with death

The mortal corpse interred
Her gravestone tells the same sad story:
"The wage of sin is death"
"Killed by desire,
only to wake
and kill myself again
welcome to sin"
Ask her if it's worth it.
