You don't know anything about this.
At least try to recognize it's power.

I'm falling from your feet.
There's no point in trying
To comprehend all that has happened.
When will life take me
And when will I take my life?
I can't stand losing this.
And I can't stand losing this.
And I can't stand losing this.

You don't feel anything.
You don't feel a thing.
You have nothing for me.
It's all too sad and dull.

I'm falling from your feet.
There's no point in trying
To comprehend all that has happened.
When will life take me
And when will I take my life?
I can't stand losing this.
And I can't stand losing this.
And I can't stand losing this.

And high above the earth we form.
And high above the earth we form, we form.
And when was this time where things
Went awry and we lost control?
And when was this time where things
Went awry and we lost control?

I'm falling from your feet.
There's no point in trying
To comprehend all that has happened.
When will life take me
And when will I take my life?
I can't stand losing this.

And high above the earth we form.
And high above the earth we form, we form.

And when was this time where things
Went awry and we lost control, control?

I'm falling from your feet.
There's no point in trying
To comprehend all that has happened.
I'm falling from your feet.
There's no point in trying
To comprehend all that has happened.
