See the sun how bright it is  
It never was before  
See the sun it shines right through  
My door but no ones's there  
I see warm smiles I never gave  
Reflecting in the air  
All the things I want today  
All the things I wasted on the way  
See the earth how sweet it smells  
I don't know how it feels  
See the earth it slips beneath  
My heels as I pass thru  
I see tears that I never shed  
In every drop of dew  
All the things I want today  
All the things I wasted on the way  
Hear the skies singing songs I could have played  
Too busy talking to prove that I was not afraid  
See this dried up broken straw  
It's turning to rot  
See this dried up broken straw  
Forgotten left behind  
I see things that I never done  
A blowing in the wind  
All the things I want today  
All the things I wasted  
All the things I want today  
All the things I wasted  
All the things I want today  
All the things I wasted on the way
