Love for anyone who needs her  
Innocence is all that feeds her  
Rolling through the mist

Floating in a sea of madness  
Reaching for the heights of gladness  
Or did she exist?

Swirling ions from the stars  
Streaming down onto the earth  
From a galaxy like ours  
Manifested in her birth

Child of the Universe  
Giving freely of herself  
Purity of truth rehearse  
Leaving man her cosmic well

Love for anyone who needs her  
Innocence is all that feeds her  
Rolling through the mist

Floating in a sea of madness  
Reaching for the heights of gladness  
Or did she exist?

Vision of an untouched grace  
Walking gaily through the sun  
No one else could take her place  
Nor the work that she'd begun

Love for anyone who needs her  
Innocence is all that feeds her  
Rolling through the mist

Knowing what is understanding  
Patience that is undemanding  
Or did she exist?

Or did she exist?  
Or did she exist?
