One day she came along,  
I didn't know her name  
My friends said to me  
Watch out for the game  
I didn't want to believe  
All the things they said  
It seemed to be the right time  
A love affair instead

Walkin' down the beach,  
Kickin' up the sand  
Not so far away  
Wonderin' where they'll land  
We talked of things  
To do and places that we'd tame  
A one with a love to share  
With a girl who had no name  
Who had no name

Then it came the time they said  
When all the good went bad  
She walked into the night,  
It didn't make me sad  
I felt my friends advice  
Echo through my soul  
A one with a love to share  
With a girl who had no name  
Who had no name
