Something happens to me every time when we touch  
Sometimes I'm worried, 'cause I think I might love you  
too much  
Yeah, I know what your mama said and maybe she's  
right  
But can't you feel what my heart is saying tonight

For a woman like you, life's an opening door  
You're the beautiful girl that we're all looking for  
Yeah, you can have anything, anything that you want  
But, baby, what we've already got can never be bought

If our love is a timeless flight  
Well, you know that's alright  
'Cause we're gonna take our time loving tonight

I'm gonna hold you right here in my arms  
As the Limousine takes us away  
And we'll dream about the music of some brighter day

Throw a dime to the tambourine man  
And kiss all the horses goodbye  
And believe in the spirit of a love that never dies

Yeah, you can have anything, anything that you want  
But, baby, what we've already got can never be bought

If our love is a timeless flight  
Well, you know that's alright  
'Cause we're gonna take our time loving tonight

I'm gonna hold you right here in my arms  
As the Limousine takes us away  
And we'll dream about the music of some brighter day

Throw a dime to the tambourine man  
And kiss all the horses goodbye  
And believe in the spirit of a love that never dies

I'm gonna hold you right here in my arms  
As the Limousine takes us away  
And we'll dream about the music of some brighter day

Throw a dime to the tambourine man  
And kiss all the horses goodbye  
And believe in the spirit of a love that never dies

I'm gonna hold you right here in my arms  
As the Limousine takes us away  
And we'll dream about the music of some brighter day
