Don't say you love me  
Don't say you care, you're so far away  
Telephone communication  
Only a three minute elation when I hear your voice

Through love and trust it's gonna work out fine  
The only pain I feel is all this time between  
You and me, you and me

All the days have turned to years  
Only emphasize my fears since you said goodbye  
I can hear your voice at night  
I can read the words you write, it's only love

Through love and trust it's gonna work out fine  
The only pain I feel is all this time between  
You and me, you and me

Through love and trust it's gonna work out fine  
The only pain I feel is all this time between  
You and me, you and me, you and me
