Starlight crossed my eyes
She took me by surprise
Said you'd come to town
Last summer brought me down

I said I'd never seen
The likes of you before
She pulled a gun and not in fun
I'm dyin' on the floor

You all look alike
I'm sorry I don't know
You all look alike
We never met before

No matter how I try to say
I've never been down this way
Said I couldn't be fair
'Cause you all look alike

Lyin' here and dyin' here
I'm trying to get my strength
It's so hard to get on back
When you're lyin' at full length

All the crowds and all the dogs
From miles around just stare
They looked at me and shed a tear
I'm glad those people care

Ooh, you all look alike
I'm sorry I don't know
You all look alike
We never met before

No matter how I try to say
I've never been down this way
Said I couldn't be fair
'Cause you all look alike

You all look alike
I'm sorry I don't know

You all look alike
We never met before

No matter how I try to say
I've never been down this way
Said I couldn't be fair
'Cause you all look alike
