Silence...
Do you know why?
They killed the dogs
They called them dogs
Killed the dogs
But they say I'm not human
Shame on them
I don't know why
They treat me like a dust
Dust of man
I remember
I can feel their batons beating in my head
Sometimes when I'm lonely
I can feel their blood in my veins
Killed the dogs
But they say...
Killed the dogs
But they try...
They killed the dogs
Please tell me more
I wonder why
Please tell me why
I sometimes hear
Bombs exploding loudly... in my head
I can see
In your tired eyes
Like a leaf of fear, no more tears...
