Tide of cogency...

Existence

Reduced to redundancy—

The illusion begins to dissolve—

Inner maelstrom—

A vindictive subconscious, absolved

Procuring tangibility, substantiality

Further exonerated from your society

A systematic acumen; Aloofness to "them"

Sickening, a flux from within you

As madness sets in,

Sagacity, a sin—

The meek, herded into enslavement...

Fucked—

Death from above—

The powers that be,

Ruling all, psychologically

Fragile psyche, wrought—

Asunder, your thoughts

Mental hierarchy,

Descending towards unreality

The landscape around you, now

Barren—Infertile

A sterile realm of the subconscious,

Unfulfilled, desolate, austere

Your purpose, clear

Compounding focus,

Splitting through the fog and myopia

Burdening realization

Coalesces, within—

As paranoia seeps through...

Systematic involution—
Mind split open, sickening, deranged

All thought now, immediately evacuated
Folly: whirling, destroying every synapse of the brain
Internal Bleeding—
Spewing forth, a hemorrhage inside of you
Clotting, blackened, perforated within
Sanguine fluid; Mortise incision

Insalubrious, discordant contradiction
Everything around you at odds with your very life
--Persecution--
What you've come to know, a pathetic existence
Humanity desiccating, turning man to machine
Perfunctory, automated... Just cogs in the machine

Ecstasy: found, erasing thee
Disconnected from life;
Animated to war, and strife

Your very freedom forever, ensnared;
Automatons, running scared...

(Solo- Sutton, Alter)

Soon to fall, perception as you've come to know it
Inhibitions within you, fucking snapping like twigs
A plethora of murderous thoughts, fulfilling
Sacrificial exultation; Unabated, blood spilling

Shroud, congealing around you (now within you)
Instigating you to sadism, and vehemence
Viciously, converging on brutality
Laid out as a final homage: Carnage and pugnacity

(Solo- Sutton)

Disease, rampant
The Infection, black
Ichor pours forth, from cognizance

Observance: Subservient
Intellect, in ruin
Inevitably, mortality decays to fatality

(Solo- Alter)

Cogitation... Terminated suddenly (violently)
Afterlife: The final Crux
