I never believed in much of anything  
But I believe in this strong enough to kill  
Hook in mouth, you wont let me go  
A state of separation, self-imposed  
A breath of fresh air for these black lungs  
What I wouldn't give for just a moments silence.  
A suture for bleeding hearts  
I'm further than a phone call away  
And I wont be getting any closer  
Avoidance is my only relief from you  
Stop casting you shadow on me and mine  
It makes every breath as ice  
Set to pierce everything inside of me  
Its time for me to cut you off my back  
Severing the leech never felt so good.....  
And I have never felt so just.  
You have died to me in my eyes and my heart  
Now turn black and crumble  
So I can bury you and be done with this.
