As the silence looms before us
tears are flowing out from our eyes
detaching our frantic desperation
as our stagnant bodies arise

on the haunted path of existence
assuring my severe fate
twisted eyes crying for the end
forever in my mind desolates

(chorus):
memories i lock you up
on the sheets the act was done
now dwells in me
devours me from within
but you can't see
memories paint you black
never to stand in my mind again
but in my sleep control is lost
you're back again
memories i disgust you
because you're in me
you're in me
'til the end of time
excursion demise

a place where time stands still
feel the sickening disgrace
abandonment of humanity
hateful flames pumping inner rain
filling me as i go insane

no salvation just a hopeless spite
excursion demise
lives are taken tasting gruesome plight
excursion demise
for sick passions paying brutal death
in torment you fly
excursion demise

on the haunted path of existence

assuring my severe fate
twisted eyes crying for the end
forever in my mind desolates

(repeat chorus)
