Distortion

I'm twisting and turning wash off all my sins

Contortion

Forgive me, though I bear the cross on my wings

I loved and lied to be forgiven

Threw away the chance of being released by you

A fatal step - the words of desperation

So please forgive me, I'm on my knees

So heal me father

Though I don't deserve your grace

"...all is forgiven"

"Forgiven is not forgotten, Ill return your sins as an evil deed..."

Deception

I breathe in the guilt, I myself is to blame

Redemption

You're bound to forgive me again and again

My life reflects: It's misery

I'll have to end this failure of life I am

A giant step, though small for you

So please forgive me, I'm on my knees

I'm begging please

So heal me father...

Heal me father for I have sinned

Please forgive me - I'm on my knees

Heal me

[solo]

Culmination

So there I went into the hands of fate

Frustration

I trusted in you to take away the pain

So heal me father...
