Cha! Cha! Dancing discos to the floor
Love palindrome present notes
Won't you walk, hear or talk?
All the guys run out with the lights down low?

Any day but Sunday (smartie pants, smartie pants)
Any day but Sunday (smartie pants, smartie pants)
Any day but Sunday (smartie pants, smartie pants)
Any day but Sunday (smartie pants, smartie pants)

Cha! Ha! What I say!
Won't you talk-talk-talk? Ha!
Dancing discos to the floor
Loves palindrome present notes (cha)
Won't you walk, hear or talk?
Saw that girl's hide, better help her down
She's got leather pants on
Strutting her stuff around, no

Any day but Sunday (smartie pants, smartie pants)
Any day but Sunday (smartie pants, smartie pants)
Any day but Sunday (smartie pants, smartie pants)
Any day but Sunday (smartie pants, smartie pants)

Dancing discos to the floor
Love palindrome present notes
Won't you walk, hear or talk?
All the guys run out with the lights down low
(Any day but Sunday) Now I'll ask you why
(Any day but Sunday, smartie pants, smartie pants)
She's got long blonde hair
(Smartie pants, smartie pants)
Place is full of queens
Talks about the millionaire
Who drives a Jaguar, Tim

Any day but Sunday (smartie pants, smartie pants)
Any day but Sunday (smartie pants, smartie pants)
Any day but Sunday (smartie pants, smartie pants)
Any day but Sunday (smartie pants, smartie pants)

What did they say about Sunday...
What are they saying? (smartie pants-pants-pants)
Won't you walk, walk, walk, or should we talk, talk, talk?
All the guys run out with the lights down low

Any day but Sunday (smartie pants, smartie pants)
Any day but Sunday (smartie pants, smartie pants)
Any day but Sunday (smartie pants, smartie pants)
Any day but Sunday (smartie pants, smartie pants) Ow!

(Smartie pants, smartie pants)
She's got such a smile (smartie pants, smartie pants)
What do they say about Sunday?
(Smartie pants, smartie pants) Hmm
(Smartie pants, smartie pants)
She's got long blonde hair
(Smartie pants, smartie pants)
Place is full of fools, ha
Talks about a millionaire
Who drives a Jaguar, oh me
(Smartie pants, smartie pants)
Fancy car, what a Jaguar car!
(Any day day) [Jaguar] (Any day day) [Jaguar]
(Jaguar, gonna shake it up, Jaguar)
