And where has innocence gone  
Do we know too much  
Are you comfortable in your skin  
When does the strip begin

All the words we are fed  
And the need to belong  
Cause we can't get connected  
Baby try

Where has our innocence gone  
We whisper and touch  
It's like we should start again  
When does the strip begin

Some are taken some are given  
Building bridges for the living  
Some are taken some are given  
There's nothing if the truth won't survive

Where has your innocence gone  
Do you just know too much  
Are you comfortable in your skin  
When does the strip begin

Some are taken some are given

Building bridges for a living  
Some are taken some are given  
There's nothing if the truth won't survive

Some days I am everything I hate  
There's nothing if the truth won't survive

Some days I am everything I hate  
There's nothing if the truth won't survive

Some days I am everything I hate  
There's nothing if the truth won't survive

Some are taken some are given  
Building bridges for a living

Some are taken some are given  
There's nothing if the truth don't survive

And where has innocence gone  
Do we know too much  
Are you comfortable in your skin  
When does the strip begin
