[Intro: Killah Priest (Kurupt sing-song style) {Kurupt}]  
Horsemen, Killah Priest, Ras Kass, Kurupt, Canibus  
(Ain't no way I'm gonna let these bitch ass niggaz come  
and get me)  
Come on nigga, you want it?  
{Horsemen nigga, smashin' the through the fuckin'  
cut}  
(Ain't no way I'm gonna let these bitch ass niggaz come  
and get me)  
Don't be scared! {Horsemen nigga, and we just don't  
give a fuck}  
Come on, ya'll want it?  
(Ain't no way I'm gonna let these bitch ass niggaz come  
and get me)  
{Horsemen nigga, Horsemen} How 'bout you?  
(Ain't no way I'm gonna let these bitch ass niggaz come  
and get me)  
How 'bout you?

[Kurupt]  
Spittin' shit, clipped and tipped in dip  
I got somethin' to hold and lift  
I'm a frontline marine, throwin' sixteen  
Clap niggaz like the palm, my hands and tambourines  
I step out the spot and merge like submarines  
Cause the first thing in my eye sight is seen  
And I'm set for the parade, the steppin' and stompin'  
Fire breathin' like dragons, unloadin' like Magnums  
Steppin' out the bushes, palmin' and pushin'  
Everybody back, just standin' and lookin'  
Startled, just standin' and lookin'  
Didn't know niggaz so thorough would be so shook  
Cause I heard it all through the force  
That bitch niggaz like ya'll lookin' for us  
But check this nigga, I'm here nigga  
With the double desert E, shakin' bomb head nigga  
In my palm, scenic Vietnam here nigga

[Chorus 2X: Kurupt]  
Ain't no way I'm gonna let these bitch ass niggaz come  
and get me.. get me.

get me

[Canibus (Krupt)]

Theres absolutely no way to get me  
The Ripper is more talented than Mr. Ripley  
And more risky than circus gypsies  
Born in the 50's, and was rippin' by the 60's  
And still remember the first time that I removed the  
man's kidneys  
With these, it's like a Nightmare on Elm Street dream  
Mini machetes sharper than wolverines  
Inject us to the next session, and suppress the screams  
Leave clues behind for the forensics team that inspects  
the scene  
A serial killing machine to the extreme  
A all eye seeing in-theory-ial being, surgically supreme  
MD, slash MC  
Slash you across the cheek, and leave a gash that  
bleeds profusely  
Truthfully the cut is too deep  
And the mothafuckin' rippers runnin' loose through the  
streets  
Slippery as WD40 oozin' from the feet  
Cause ain't no way I'm gonna let you bitch ass niggaz  
come and get me  
Half man, half H-O-R-S-E, was it the devil of God to  
bless me  
Come test me (Bitch niggaz, let these niggaz know cuz)

[Chorus 4X]

[Killah Priest (Krupt)]

(Horse.. Horsemen)

I throw flames, burn down bridges, my code name  
The infernal, burn slow but burn internal  
Melt niggaz like plastic, face lookin' like jurassics  
My brain full of psychotics and madness  
You 'tarted sarcastic graphtics  
Stomp niggaz in the ashes, 'till they vaporate up in  
gasses  
Then I throw on futuristic optic glasses  
So I could see they asses, then I come out, flashes  
Hold your breath, this is gonna be a slow death  
My First strike, I will cut out your lights  
After my second strike, I will totally extinct life  
I come in sudden like a cobra's bite  
I curse so bad, I make vultures fight  
My insight goes back to the Vulcan rights  
Medieval, I leave niggaz in the cathedral  
Rest in peaceful, 'till the ground opens and the beast  
moves

The gladiator, Dark Vader, with animal behavior  
You try to front, and the pieces slaver

[Chorus 2X]

[Ras Kass]

See, stupid niggaz get dough and floss all they got  
Grimey niggaz crawl off the hood in celebrity shop  
Jack the nigga for his car, cash and watch  
But any immortal words than Tupac (What)  
Niggaz gon' hate you for whatever you do  
Masturbate dirty 380's and fuck you  
With God as my witness, I refuse to loose  
Try to come get me, I'm takin' ya'll with me, fuck that !

[Outro: Ras Kass (Canibus)]

Uhh, no way, Ain't no way! (Ain't no way)  
Horsemen stop, Ain't no way Horsemen stop  
(You could come and get the Horsemen)  
Ain't no way Horsemen stop (Ain't no way)  
Ain't no way Horsemen stop  
(You could come and get the Horsemen)  
Ain't no way Horsemen stop  
(The Headless Horsemen, Death and War)  
Ain't no way Horsemen stop  
Ain't no way Horsemen stop (Yeah, yeah)  
Ain't no way (All for one and one for all, The Horsemen)  
Ain't no way, Ain't no way, worldwide  
(Gladiator, mayhem and chaos)
