Do Wot You Do

In a reflection of days gone by  
I stayed awake all last night  
When morning came, I was still unsure  
To laugh or cry, I'm needin' more

And it's not easy to take the time  
From all we need, we cannot hide  
We live our dreams and all we find  
Is bittersweet and full of pride

Ooh what have we done  
Lift it up, lift a stone  
I need every minute with you  
No one else can do what'cha do what'cha  
I need every minute with you  
No one else can do what'cha do what'cha

In a reflection of days gone by  
I stayed awake all last night  
When morning came, I was still unsure  
To laugh or cry, I'm needin' mor

Ooh what have we done  
Lift it up, lift a stone  
I need every minute with you  
No one else can do what'cha do what'cha  
I need every minute with you  
No one else can do what'cha do what'cha

(sax solo)

Ooh what have we done  
Lift it up, lift a stone  
I need every minute with you  
No one else can do what'cha do what'cha  
I need every minute with you  
No one else can do what'cha do what'cha  
I need every minute with you  
No one else can do what'cha do what'cha  
I need every minute with you

No one else can do what'cha do
