Turns back to front
Turns hate to love
The simple things
That mean a lot

Turns rock to sand
Turns ice to snow
That's you and me
About to grow

Change the pace of a magazine
Face the change of a million years
Stare in shock at what you saw
Take a breath and lock the door
Tell your children what to do
Mistakes and all they still love you
Change the pace of a magazine
Face the change of a million years

Turns rough to smooth
Turns don't to do
To reminisce turns
Me to you, you

Turns war to peace
Turns greed to need
The consequence
Of visionaries

Change the pace of a magazine
Face the change of a million years
Stare in shock at what you saw
Take a breath and lock the door
Tell your children what to do
Mistakes and all they still love you
Change the pace of a magazine
Face the change of a million years

Turns back to front
Turns hate to love
The simple things
That mean a lot

Turns rock to sand
Turns ice to snow
That's you and me
About to grow

Change the pace of a magazine
Face the change of a million years
Stare in shock at what you saw
Take a breath and lock the door
Tell your children what to do
Mistakes and all they still love you
Change the pace of a magazine
Face the change of a million years
