Say when you get down, look to your left  
When you get up, look to your right  
Figure out the puzzle  
Make sure the pieces fit tight, fit tight

I said

Jumping, jumping all night long  
Jump and jump and it's up to you  
Jumping, jumping all night long  
Jump and jump baby I will too

Jumping, jumping all night long  
Jump and jump and it's up to you  
Jumping, jumping all night long  
Jump and jump baby I will too

There is no surefire way baby  
It's just the first star you see at night  
Don't walk around feeling hazy  
If you need a taste take a bite, take a bite

Some day they'll catch you when you're walking  
Don't you put up no fight  
Draw back that look of confusion  
Say, you don't believe in straight lines, straight lines

I said

Jumping, jumping all night long  
Jump and jump and it's up to you  
Jumping, jumping all night long  
Jump and jump baby I will too

Jumping, jumping all night long  
Jump and jump and it's up to you  
Jumping, jumping all night long  
Jump and jump baby I will too

There is no surefire way baby  
It's just the first star you see at night  
Don't walk around feeling hazy

If you need a taste take a bite, take a bite

I said

Jumping, jumping all night long  
Jump and jump and it's up to you  
Jumping, jumping all night long  
Jump and jump baby I will too

Jumping, jumping all night long  
Jump and jump and it's up to you  
Jumping, jumping all night long  
Jump and jump baby I will too

Jumping  
Jumping  
Jumping  
...
