Put the red lights on  
Don't tell them that you've gone  
Leave behind your fears  
You know they can't be wrong

Kill the pain you feel  
Kill the pain you feel

I know you've seen some things  
That buried you in your dreams  
Your face  
It tells the story  
The pages stained with tears

You kill the pain you feel

You kill the pain you feel, darling

Keep the heart

Take the curtains down  
The sun is what you found  
It leads you far from here  
And takes you to high ground

Kill the pain you feel  
Kill the pain you feel

Find a way  
Keep the heart  
You have within
