Slow and easy is a dimension
Gonna laugh it up
Laugh it up
They say you make no fool of you
And it's new for you to gaze
Up and down inside your yourself
Inside yourself

It's good in here
It's pretty far out
Yes we're all just learning how to smile
We're looking out to you
We're looking out to you

Show your love
Bite me now
Put a hand in and take it out
You can try to make me mad
Or change my mind
Be careful
So you want me there now
So you want me there now

It's good in here
It's pretty far out
Yes we're all just learning how to smile
We're looking out to you
We're looking out to you

Barely moving I stagger
Some interpretation
There's a buzzing in the station
Spinning station unravel me
Cross platforms with rehearsed travel
Rehearsed travel

Yeah we're looking out to you
Yeah we're learning how to smile
Yeah we're looking out to you
Yeah we're learning how to smile
Yeah we're looking out to you
Yeah we're learning how to smile

Yeah we're looking out to you!!!
