Lyrics:

Oh yeah

Light it up

There's no love where

There's no life

Where it's dark

And we fuss and fight

We've gotta lighten up

We've gotta open up

Everybody

Gotta light the world up

Any man

Ain't that bad

Neither is

Being sad

We gotta let it out

Scream and shout

Letting go is

What it's all about

Well it's time to give

Be positive

Open up

Then you can live

Just check your motive

Make sure it's positive

In everything you do

There must be love

Gotta light it up

Light that world

Oh yeah

Here's the score

No more war

Just lots of love with

Open doors

To a higher realm

Where hate is sensitive

Remember open up and

Love one and all

You know what I'm talkin' about

Just gotta lighten up
