And I was lost for words in your arms
Attempting to make sense of my aching heart
If I could just be everything and everyone to you
This life would be just so easy

Not enough time for all that I want for you
Not enough time for every kiss
And every touch and all the nights
I wanna be inside you

We will make time stop
For the two of us
Make time stop
And listen for our sighs

Not enough time for all that I want for you
Not enough time for every kiss
And every touch and all the nights
I wanna be inside you

Make time stop
Make time stop

In our fight against the end
Making love, we are immortal

We are the last two left on earth
And I was lost for words in your arms
Attempting to make sense of my aching heart
If I could just be everything and everyone to you

Not enough time for all that I want for you
Not enough time for every kiss
Not enough time for all my love
Not enough time for every touch

Make time stop
Make time stop

Not enough time for all that I want for you
Not enough time for every kiss
And every touch and all the nights

I wanna be inside you

We will make time stop

For the two of us

We will make time stop

We will make time stop

For the two of us

We will make time stop
