She waits beside the gates of dawn
Love cared to nothing that she needs
He said she's gotta love her plans
Tomorrow, he would shake your hand

I just go deeper
You come down, you walk ahead, ugh!
I thought you go deep 'cause all you wanted
Move down, move down the road

Hey hey hey hey!
Nothing's free, nothing's free there
Hey, seeing all those dimes

She waits beside the gates of dawn
Love is far, nothing that she needs
He thinks he's got another plans
Tomorrow, he would shake your hand

I just go deeper
You come down, you walk ahead, hey hey
I thought you go deep 'cause all you wanted
Hey hey, hey hey, hey!

Nothing's free, nothing's free there
Hey, seeing all those dimes

I just go deeper
You come down, you walk ahead
I thought you get to me 'cause all you wanted

Hey hey hey hey
She waits beside the gates of dawn
Love cared to nothing that she needs
He said she's gotta love her plans
Tomorrow, he would shake your hand
She waits beside the gates of dawn
Love cared to nothing that she needs
He thinks he's got another plan
Tomorrow, he would shake your hand

I just go deeper
You come down, you walk ahead
Hey hey hey hey
I thought you get to me 'cause all you wanted
(I just go deeper)
(Cause the thing's all we need)
You come down, you walk ahead
Hey hey hey hey
I thought you go deep 'cause all you wanted
(I just go deeper)
(They are all excited)
You come down, you walk ahead
Hey hey hey hey
I thought you get to me 'cause all you wanted
(I just go deeper)
I thought you go deep
You come down, you walk ahead
